

EATONIA OASIS LIVING

SPRING HAS SPRUNG Greetings to Everyone!

Spring is like a new year for me. A new beginning, a new anticipation, a time to plant and the harvest will come. After a long winter, we all are eager to be outdoors and embrace the sunshine and fresh air.

Our residents enjoyed bingo, exercises, and a game of trivia. Compliments of Lloyd Martin for researching the questions. A few tough ones. It made us put on our thinking caps.

A surprise from Steven Kanasevich who brought in baby chicks. Residents were thrilled to hold the one-week-old baby chicks. In just one-week feathers are starting to appear.

Please make an appointment when wanting to visit with family and friends. Screening will take place. Call us if you have questions!

MOTHER'S DAY TRIBUTE

In honor of our mother's Marie Smith and Janine Specht volunteered to come in and do a craft with our ladies. The residents decorated teacups and filled them with pretty silk flowers. Each lady had their own unique design and color. Thank you, ladies for your creativity. Moe Scott made corsages for each mom to wear on Mother's Day and Candy Ashford decorated the tables with flower arrangements. A big thank-you for adding that special touch.

Our birthday of the month is Ferne Gill. In celebration of her 95th birthday, we ordered a special ice cream cake. Residents gathered in the activity room for coffee and cake and a few games of Bingo. Ferne, we wish you many more birthdays.

WE WOULD LIKE TO EXTEND OUR SINCERE CONDOLENCES TO THE FAMILY OF BETTY
LOTHAMMER. IT WAS A PLEASURE GETTING TO KNOW HER!
