EATONIA OASIS LIVING

Summertime Begins

Greetings! A busy month of July in our home. Amid the ease of restrictions, we had the opportunity to take a few of our residents to the Great Sandhills Museum and Interpretive Centre. It was relished by our residents enabling them to take a journey back into time. A worthwhile visit and an excellent display of artifacts. Afterwards a stop at the 10-4 for ice cream. A travelling band from Moose Jaw called CAPO came to entertain us on the front lawn of the building. They played some old-time music from the past. Enjoyed by all. Two of our residents had birthdays. Velma Johnson and Lenora Bews. Residents gathered in the activity room and enjoyed cake, ice cream and socializing. Our usual week of Bingo, exercises, and trivia which has become a popular hit for all. We cover all sorts of topics such as History, Geology, Arts and Food to mention a few. Once again church services have started

with Anne Davis and Marie Smith accompanied by Belva Martin. A good turnout. Evelyn's great grandson Ethan played the violin for us. Great Job!

Marie and Janine came to do a craft with the Ladies which was Bumble Bees. Cute display of them at the desk. Thank you, ladies. The residents admire the lovely perennial flowers in the front of the building. Different types of flowers blooming at different times. Always an array of color. Wishing everyone a safe, fun filled summer

**We at Eatonia oasis Living are still screening our visitors.
We encourage sanitizing of hands and the use of facemasks.
Thank you for your co-operation in maintaining a safe facility.**
