

EATONIA OASIS LIVING

AUTUMN BEGINS

All at once, summer collapsed into fall. September is one of my favorite months of the year. I enjoy seeing the different shades of yellow, red, and brown and enjoying the crisp breeze in the air. It is also a time to harvest, may it be good or bad, we are still grateful for what we have. Thank you to everyone who brought donations of produce to the home. Residents enjoyed the home-grown vegetables.

The month has flown by quickly at Eatonia Oasis Living. We had two Birthdays to celebrate this month. Happy Birthday to Doug Henry and to Bill Wardill. The United Church Ladies hosted the party. Marie Smith and Janine Specht prepared two cakes, Chocolate and Carrot. The residents gathered in the activity room and had a sing along with Carol Peters accompanying on the piano. Doug and Bill, we wish you many more birthdays to come.

Our craft for the month was making scarecrows. The ladies enjoyed crafting their own scarecrow. Each one looked different! We thank you, Marie and Janine for all you do.

Church services were held on Wednesdays with the Lutheran, Catholic, and United Church leading the service. Thank you all, for doing this. Spiritual care is a big part of our residents' lives.

Our men and ladies had the challenge of participating in a Spelling Bee. We had 10 easy words, and 20 hard words based on different kinds of vegetables. Surprising, we ended up in a tie. The tie breaker word was kohlrabi. Ladies won the challenge! A good time was had by all.

Congratulations to Lea Cooper for her Senior of the Year Award! You have always been a huge supporter of EOL! You certainly deserve it!
