

EATONIA OASIS LIVING GROWING PROJECT 2022

Our account at Nutrien is sitting at \$13,420.00 with upcoming costs of fertilizer, Liberty and Centurion. Every little bit counts! And it all adds up!

If you have any questions, please reach out to:

Thank you to LAROCK FARMS for heading the EOL Growing Project 2022! The field has been seeded with canola, and we would sincerely like to thank the following for their donations of seed and chemical:

- Canola Seed – Donated by Darren Bacon with BASF
- Aim – Donated by Maury Ziegler with FMC
- Pardner – Donated by Jessica Pierce with Bayer
- Glyphosate – Donated by Nutrien Ag Solutions Eatonia

Now, we need your help! As you are all aware, costs of inputs are very high. You can help us out in a couple different ways.

- Make a donation to EOL, earmarked for the Growing Project 2022. You will be issued a charitable receipt.
- Make a payment on our account at Nutrien. Again, you will be issued a charitable receipt.
- Purchase chemical and fertilizer for the project, if it will serve you better to have a farming deduction that way.
